

Abundant Praise Band

BAND STORY

"Abundant Praise Band isn't just another Christian rock band but true worshipers who play progressive christian rock. Their music is pure, power-packed guitar driven praise. Greg Brasel, Wes James and Bryan Knott all play on the worship teams at their respective churches in the St. Louis area. All three are active in the church on a consistent basis as they believe that longevity & dedication are two of the keys to success in God's kingdom. They are passionate about their relationship with God and it shows through in their music. Abundant Praise Band has a classic yet progressive and original rock sound. They have just released their first praise CD entitled Yahweh, with eight songs written by the band, filled with spirit and a heart of praise. Yahweh offers a new sound and fresh approach to getting closer to the heart of God. The title track Yahweh has a new rock feel with powerful lyrics declaring and expressing God's unchanging being. All eight songs reflect the band's convictions that God is to be praised in all circumstances, at all costs and in every situation. Abundant Praise Band also understands that music was only created to capture and carry the presence of God and it shows through on this CD. Sonically passionate, and just a little unruly, 'Yahweh' is loaded with spiritual truths. It will surely mark a milestone as the debut album in this group's history, and creates an excitement about what the future holds for this band of rock and roll worship pace-setters. "
