

Angela Sipe

BAND STORY

" Angela Sipe is a talented singer, songwriter and musician. She is also the worship leader at Victory Fellowship in Crestwood, MO. She is currently working on her second full length CD of original compositions, and this song will be one of the many on that CD. As she introduced this song in worship at Victory, it was clear to all that this was more than a simple worship chorus; this song was an urgent prayer for the body of Christ. As the spirit of this song so aptly represented the work of Sheltering Wings, Angela graciously donated ownership of the song to us."
