

Convicted

BAND STORY

"Convicted is a hard-rock Christian band out of Southern, IL. Members Josh, James, and RedCloud churn out grinding riffs and emotional lyrics that provoke and inspire Christians and non-Christians alike. Convicted puts a whole new twist on a 2000 year old concept. Be on the look out for new Convicted material hitting the music page very soon. The band is currently in the process of writing some new material and preparing to enter the studio to complete work on their 2nd full-length album, "Under God," which the band hopes to have ready to go in early 2005."
