BAND STORY

"

Singer/Songwriter/Worship Leader/ I was a worship leader and youth Pastor for a small church in Eureka MO. for two years. In December of 2005 I felt like God was calling me back to the music He had given me. To me the music is ministry. I want to be obedient to His call and leading in my life. I miss working with the youth and leading worship at a church every week but I have got to do what God has called me to do. I know if I am obedient to Him He will work out all the details of where I am supposed to be and what I am supposed to do. I am back in the studio working on the fourth track for the 'JESUS IN ME' cd. I pray that in God's timing it will be finished and will be a blessing to all who hear it. In Him Dan

"Lord Help Me Know"
(acoustic version) I will finish full production on it at a later date
(maybe I kind like it like this)

"My Little Girl"
(this is the deno ... not final mixed and mastered yet but you'll get the idea)
This is a song that was written for my youngest daughter just before her 16th birthday.

Please let me know what you think. I pray these songs will be a blessing to you.
