

Praise Raisers

BAND STORY

" :o Before there was such a thing as CCM - contemporary christian music - there were musicians struggling to find a musical home in liturgical worship. This is where the Praise Raisers started - a group of talented and experienced musicians that wanted to worship God the way they know how yet having to settle for what was allowed. :(:angel: But churches eventually discovered that they needed new ways to deliver the message if anyone was going to listen. When Messiah City Worship was started in St. Louis as a contemporary worship service, this group of musicians found a home. The Praise Raisers bring a unique sound and style to the St. Louis CCM scene. Featuring three electric guitars, two electrified acoustic guitars, virtual drums, two vocalists, and seven voices in all, PR can make a rock song sound the way the good Lord meant it! ;) The Praise Raisers' song list includes many of the top hits from Billboard's CCM charts over the last three years. For now you can think of them as a CCM cover band, but they have written many of their own songs that will soon appear on CD. And the rest as they say, is history. :D "

Thanks to The Crave & Everyone!

Just can't say enough about the night we had playing at THE CRAVE Coffeehouse. (August 18.) If you are a musician (of any genre) reading this, you absolutely HAVE TO play there sometime. The acoustics were great, the crowd was really enthusiastic! Everyone said we have never sounded so good. They even had there own soundman who helped us with our mix (on our own Mackie board) - he was awesome - he even trimmed the midrange of Vicki's vocals (where she's strongest).

AND of course a BIG, BIG THANK YOU to our peoples and fans who came out and sang and yelled and hooted and clapped and whistled... Absolutely fantastic! We really needed that!
