

Soul Service Band

BAND STORY

"Based near the St. Louis, MO area, Soul Service Band is a collection of many talents. Individually we have a diversity of influences but together we gravitate toward a classic rock style. When put together the result is Soul Service Band. We set the pace with a classic rock style that is fresh and energetic. The lyrics fill the atmosphere with no apologies.... relevant to anyone, uplifting and at times challenging. You will walk away from a Soul Service Band show with plenty of meat to chew. And if you're vegetarian.... well, dig in because we've got your menu too. We write our own material but also include worship songs in our set. We're dynamic live as well as in the studio."
