BAND STORY

"

Clever CHristian coffeehouse performer, moving to the St. Louis area (Alton) in August, seeks a cool, versatile vocalist who can naturally harmonize, as well as sing leads too. I do a unique blend of praise and worship, parody songs, and clever gospelized versions of pop songs, with some humor sprinkled in. Seeking someone who not only sings, but can also play off my witty comments between songs. In other words, be comfortable and confident on stage and able to improv some.

ALso, if there are any churches in the Alton area that are looking for someone who can lead out-of-the-box worship that is alive, dynamic and engaging, please contact me.

I am easy going and fun to work with. You be too.
Kurt cell 312-320-2272

These are some clips of my recent live performance at a Christian coffee house. (daniels-den.org) The first three songs are my customized, gospelized arrangements of classic pop songs. At the bottom is a sample of how I lead worship on bass. -Kurt
